

# Homework Term 1 - Week 1

Homework is not compulsory, but here are some activities that will keep your brain moving! You may do as little or as much as you want. The more you put in the more you will learn. However, it is your responsibility to read at least 4 days a week and to be able to recall all the times tables (1-10).

## Times Tables

Which Times Tables did you learn this week?

## MEDIA WATCH:

There has been a lot of talk in the media about children learning how to swim. Who do you think should teach you how to swim? Why is it important that you learn how to swim in NZ? Write your answers on a separate page in your book. If you find a newspaper article about this topic you could cut it out and paste it in too.

Every row, column and mini-grid must contain the numbers 1 through 6. Don't guess - use logic!

2	1			4	3
		6	2		
		3	4		
3	4			5	6

## Spot the difference

There are 9 differences between these pictures - can you find them all?
